

# DISRUPT IACP

FOR A WORLD  
WITHOUT POLICE

2017  
October  
21-24  
Philadelphia  
PENNSYLVANIA

International Association of Chiefs of Police

Worldwide, police are adapting to anti-cop resistance and movements for collective liberation by promoting piecemeal responses like body cameras, racial diversity, "community policing", and "non-lethal" weapons. Yet recent years show that no reforms will ever remove the unchecked power to repress, kill, intimidate and imprison us. Cops are not a "thin blue line" between order and chaos; they are the daily enforcers of white supremacy, gender, colonialism, poverty and ecological destruction; of capitalism and its dying world. Oct 21st, international police chiefs come to Philly to conspire against us. Nope. Make Plans, show up. Disrupt this shit.

REFORM IS  
IMPOSSIBLE.  
NO SAFE PLACE  
FOR COPS.  
NOT IN PHILLY.  
NOT ANYWHERE.
